

**Welcome to Corvus Black**, our program of premier risk mitigation services. Corvus Black was designed to meet the specialized cyber risk mitigation needs of larger enterprises, helping organizations like yours to better predict, prevent, and prepare for cyber incidents.

With over \$100m in annual revenue, you'll be **automatically qualified for free services** as soon as you have an active Smart Commercial Insurance® policy from Corvus. Then, all you need to do is **choose your services**, and we'll take on the rest.

## Our Services

**“Welcome to the Flock” Call** - Join our VP of Smart Breach Response for an onboarding call to introduce Corvus Black services.

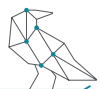

### **Incident Response Plan** -

Consultation with Corvus to help develop or revise an IRP.

### **Cybersecurity Report Review** -

Dig into the results of our scan and Dynamic Loss Prevention report.

### **Incident Response Tabletop** -

A virtual exercise simulating a cyber breach to aid your response planning efforts.

### **Deploy a Phishing Test** -

Run a phishing test on the employees of your organization.

**Scan Your Vendors** - Get the full report scan results for your choice of vendors.

### **Pre-Breach Consultation** -

Free consultation with one of our preferred breach response attorneys.

## How to Get Started

**1**

Work with your broker to complete the purchase of your Smart Commercial Insurance policy. You'll be flying with Corvus!

**2**

Once your policy is bound, tell your broker which services you're interested in. You may choose as many of the services as you'd like, free of charge.

**3**

Your broker will work with Corvus to arrange a call with the Corvus Smart Breach Response team.
