Safer businesses. Safer world.

We go far beyond coverage to help you understand and reduce your risk.

5 reasons you'll love Smart Commercial Insurance

Detection

Did you know that identifying one critical security weakness at quoting **reduced ransomware claims for Corvus policyholders by 65%**? See your quote letter for a peek into the insights you'll get in your full IT security report.

Mitigation

Put data into action. We offer a robust menu of **complimentary or reduced cost services** that can be utilized at any point through the policy term. *(see next page)*

In-house expertise

Our **Risk and Response team** and experts from our **Security and Data Science teams** are here to help you understand and improve your security and preparedness.

Coverage

Not all insurance policies are equal. Our **data-driven underwriting** means we can offer the most comprehensive coverage, matched to your risk profile.

Future proof

No one can predict the next trend in cyber crime. But we can react fast to evolving threats. We continually add new data and expert opinion to notify you of evolving threats in real time.

How to get the most from your policy

Once you're insured by Corvus you'll...

1 Sign in and explore your **Policyholder Portal** *(you'll get an email invitation)*

2 Set up your **Cybersecurity recommendations call** with a Corvus expert

3 Review the rest of your **Risk & Response services** *(see next page)* and notify services@corvusinsurance.com to kick off any you'd like to use

4 Keep up with your cyber risk quarterly with fresh **DLP reports** and look out for **vulnerability alerts**

Want more information about your policy?

Corvus Risk & Response Team

Our mission is to make every organization we interact with safer. We're a cross-functional team dedicated to providing Corvus policyholders with a holistic approach to risk management and incident response that starts at quoting and continues throughout the policy term. We're excited to work with you.

Lauren Winchester
VP of Smart Breach Response

Nate Smolenski
Chief Information Security Officer

Services to help you prevent, prepare for, and respond to any cyber incident.

Instant benefits

Policyholder dashboard
Easy access to policy documents, scan reports, alerts, risk management resources, and claim information

Quarterly scan reports
Dynamic Loss Prevention™ reports are delivered quarterly, providing IT security analysis and actionable recommendations

Cybersecurity alerts
When we discover critical security vulnerabilities, Corvus will notify you and your broker if your IT system harbors the software involved

Breach response
In the event of a cyber incident, you'll get access to a breach coach to help you navigate the incident and access to trusted vendors for critical response services

Claims handling
We're there with you throughout a transparent claims process led by our seasoned team of cyber claims specialists

Post-breach CISO consult
After a cyber incident, schedule a one-hour session with our Chief Information Security Officer to review your forensic report and get recommendations

Complimentary add-ons

Cybersecurity recommendations
Dig into all the details of your latest scan report on a call with a Corvus cyber expert

Security awareness trainings
Video-based training programs for your team from **Wizer,** a leading provider

Phishing test & discounted services
Conduct a phishing test for your team from **KnowBe4,** a leading provider

Meet the breach coach
Discuss breach response process and preparedness with a top privacy attorney

Vendor contracting consult
Free one-hour phone consultation with **lawyers from Beckage, a leading law firm,** on your vendor procurement process, IT contracting and more. Plus reduced rates for additional legal services

Corvus Black Premier Services

Meet our Risk & Response team
A 1 hour onboarding call to introduce you to our Risk and Response Services. *Highly suggested!*

Incident response tabletop
A 2 hour virtual exercise simulating a cyber breach to aid your response planning efforts

Incident Response Plan Development
Consultation to help your team develop or revise your IRP

Vendor Scan Reports
