

# Retention Reduction Endorsement

Organizations that have engaged with Corvus Risk Prevention Services observed reduced impact of cyber breaches, both in terms of frequency and cost.

The Retention Reduction Endorsement is an additional benefit that is automatically activated by completing the Security Questionnaire in your Risk Dashboard, offering up to a 25% reduction\* in the self-insured retention on your policy in the event of a claim. (Think of it as lowering your deductible.)

## How to Activate Your Endorsement

**Register**

Email  Password

Login

### 1 Set up your Risk Dashboard account

Once your policy is bound, you'll receive an email from Corvus with an invitation to complete account setup within your Risk Dashboard.

We suggest granting access to a member of your IT or Security team who can respond to security questions and recommendations.

(Click "My Team" on the top right corner of your dashboard.)

**Smart Controls**

- 
- 
- 

**Security Advanced**

- 
- 
- 

### 2 Complete your Security Questionnaire

Click "Security Questionnaire" in the left side menu of your Risk Dashboard.

You or a member of your team must complete both Questionnaire modules found here: "Smart Controls" and "Security Advanced". This gives Corvus a more complete view of your organization's cybersecurity posture, including internal security controls that are not visible to our scan technology.

**Note:** Information provided in the questionnaire will not impact eligibility for renewal

**25% OFF**

**Endorsement Earned!**  
You've Earned 25% Off  
On Your Deductible.

### 3 Confirm savings are activated!

After completing the Security Questionnaire, a banner will appear on the "Policy" page of your Risk Dashboard signifying that the endorsement is activated. As long as these steps have been completed prior to the discovery of an incident, Corvus will automatically apply the retention reduction in the event of a claim.

[Log into your account](#) to get started

\*The reduction may be subject to a cap depending on the program, please review the endorsement terms on your policy.
